Oxytocin

Nasal Spray

Oxytocin is a hormone that plays a crucial role in various behaviors including anxiety, social recognition, orgasm, and interpersonal relationships.

- ❖ Reduces stress and anxiety
- ❖ Improves feelings of security, trust, and closeness
- ❖ Can reduce shyness
- ❖ Minimizes inflammation and pain
- ❖ Promotes bone density
- ❖ Reduces tolerance and addictive cravings
- ❖ Diminishes social awkwardness

Oxytocin nasal spray is available now through our dispensary. Ask your provider about getting a prescription today!
